come home to habitat

“You will be blessed when you come in and blessed when you go out.”

Deuteronomy 28:6
FROM OUR BOARD CHAIR

“You will be blessed when you come in and blessed when you go out.”
Deuteronomy 28:6

Each year the staff and Board of Directors select a verse to serve as our inspiration, a point on which to really reflect and hold in our hearts. This year’s verse feels particularly poignant to me as Board Chair.

Golden Crescent Habitat for Humanity is in an exciting time of transition as we conduct a search for a new Executive Director, partner with the Texas Veterans Commission to provide critical home repairs to veterans in our six-county service area, and explore plans for a new neighborhood development thanks to the MacKenzie Scott donation.

It’s easy to think of Habitat in the big moments. What could be more life-changing than a family becoming new homeowners or finally having a chance to stabilize a house that has been in disrepair for years because they didn’t have the funds to fix it?

I love the big moments, but as a board member, with more of a bird’s eye view into the daily operations of GCHFH, what amazes and inspires me most are the daily blessings:

The tireless efforts of our staff;

The faith of our families as they remain hopeful, despite many hardships;

Volunteers who show up day in and day out, in all kinds of unpredictable South Texas weather;

and the unceasing generosity of you, our community, as you continue to attend events, make donations and pray.

As we look ahead toward a year with lots of growth and change, I remain confident in God’s assurances that He is with us in all moments, as we come and as we go. I humbly pray for God’s blessings in all your moments and ask that you continue to pray for the families, staff, volunteers, and donors that serve this mission.

Sincerely,

Ben Streiff
GCHFH Board of Directors Chair
CONTENTS

Now Offering Veterans Services
In 2022, the TVC awarded GCHFH a $200,000 grant to provide much-needed services to veterans in our six-county service area. Since October 2022, we have completed 10 repairs and home modifications for veterans using these funds.

GOLDEN CRESCENT HABITAT’S MISSION
Seeking to put God’s love into action, Habitat for Humanity brings people together to build Homes, Communities and Hope.
Golden Crescent Habitat for Humanity (GCHFH) made its first foray into critical home repairs in 2017 with grant-funded Hurricane Harvey repairs. GCHFH defines a critical repair as “any disrepair in the home that threatens the health or safety of the home’s occupants.” During those first years it became apparent that there was a significant need for repairs and specialized modification services for veterans and their families.

We reached out to the Texas Veteran’s Commission (TVC) to discuss the need here and across the Coastal Bend. In 2022, the TVC awarded GCHFH a $200,000 grant to provide these much-needed services to veterans in our six-county service area. Since October 2022, we have completed 10 repairs and home modifications for veterans using these funds, and an additional repair with funds from the Texas State Affordable Housing Corporation. Roof and floor repairs as well as accessibility for the disabled are the most common type of repairs.

Read on for two veteran stories, and how these repairs impacted their lives:

VICTORIA COUNTY

Several years ago, veteran Clint Coultas experienced an aneurysm coupled with a severe stroke which left him experiencing restricted mobility and a 100% disability designation. Mr. Coultas was unable to use the bathrooms in his home as they were not equipped for his significantly altered physical needs. Limited floorspace in the bathroom meant that he was unable to access its tub/shower combination unit safely. As his primary caregiver, his wife was forced to bathe him outside using a water hose while he sat in his wheelchair.
The existing tub/shower unit was removed, and the bathroom closet was removed to provide a larger turning radius for his wheelchair. A new step-in tiled shower with grab bars allows his wife to bathe him with dignity in the privacy of their home. GCHFH also installed a new ADA toilet with grab bars. These upgrades make necessary assistance less physically taxing and hence more rewarding for her.

Applications for repairs are available to any honorably-discharged United States Military Veteran or surviving spouse. If you or anyone you know is interested in this program, for eligibility and application information, contact our Family Services Department at 361-573-2511, or e-mail cheryl@goldencrescenthabitat.org.

VETERANS SERVICES

LAVALA COUNTY

Two-time cancer survivor and surviving spouse Cheryl Barnes moved into her home in 1996. She and her husband, veteran Alton Barnes, lived there together until his untimely death in 2011. Cheryl has endured her share of hardships through the years, including significant damage to her home resulting from winter storm Uri in 2021. Uri damage worsened some unrepaired Hurricane Harvey damage, and by the time she applied for TVC assistance, her physical condition made it difficult to use her bathroom facilities safely.

For Ms. Barnes GCHFH did a complete ADA bathroom modification. This involved replacing a cast iron tub unit and tile surround with a step-in tiled shower, replacing a window over the tub with glass blocks, installation of an ADA toilet, and linen cabinet above the toilet for easy accessibility to the shower. Health and safety work done involved installing grab bars, a new subfloor and click-lock vinyl plank flooring, and some minor plumbing rerouting.

In 2022, the TVC awarded GCHFH a $200,000 grant to provide services to veterans in our six-county service area.
Meet Crystal

Crystal has always dreamed of living in a house of her own with her two-year-old daughter. Crystal worked hard, along with her neighbors and friends, building a safe, permanent Habitat home for her family. Her home was dedicated on May 18, 2023.

Meet Ashley

Ashley, a single mother with two daughters, ages 6 and 12, works full-time and was stuck paying costly rent for more than 6 years. In August 2023 Ashley will complete construction on a new home where her girls can grow and enjoy this fresh start for their family.
My husband and I have been devoted supporters of this ministry for almost 2 decades. We have served in many volunteer roles including framing walls, painting homes, serving at fundraisers, and serving on the Board. So, I was delighted to be offered a place as full time staff!

In April I joined the team at Golden Crescent Habitat for Humanity as the new Advancement Director. In my first month I have had many conversations with key donors that suggest that we should be going digital in how we present you with opportunities to partner with families to meet their most basic need for safe, affordable shelter. Our team is hard at work creating new possibilities.

Follow us on social media to stay aware of these opportunities in real time!

Already a part of the GCHFH Family? Connect us with your friends & neighbors who might want to be too!

VOLUNTEER OF THE YEAR AWARD

Congratulations to our volunteer of the year, Javier Ospina. Javier generously gives his time each week to assist with the new build program in addition to being a dedicated DOW employee. Javier has logged an impressive 200 plus hours of service as a volunteer.

AFFILIATE OF THE YEAR AWARD

Habitat for Humanity Texas awarded Golden Crescent Habitat for Humanity the 2022 Affiliate of the Year award. Affiliates are nominated based on exceptional service to the community and commitment to the Habitat for Humanity mission throughout the year.

Already a part of the GCHFH Family? Connect us with your friends & neighbors who might want to be too!
People who have known and supported Golden Crescent Habitat for Humanity and its mission through the years know that the past four years were ones of change—for everyone. There were staff changes, leadership changes, service area changes, and program changes. We morphed from a non-profit organization known primarily as an affordable home builder for the low and very-low income population segment using only volunteer workers, to a disaster response agency as we built new homes and did critical home repairs for Hurricane Harvey victims.

As part of the recovery effort, critical home repairs jumped to the top of the list as requests for assistance of that nature were seemingly endless. There were just not enough organizations doing repair work in this area, and the need was great.

As a result of that change, and because so many of the repairs necessitated the use of licensed contract labor, the number of opportunities for regular volunteers dwindled. Our family of volunteers were still needed, but in different areas.

Thankfully those tumultuous years are behind us. Our board and staff leadership are secure, and with the MacKenzie Scott gift last year, we are confidently planning for an additional development.

Even as we think strategically about the distant future, we are opening volunteer opportunities for the immediate future, and the needs of Golden Crescent Habitat for Humanity. We invite you to come home to Habitat. Whether you are a past construction volunteer, ReStore customer, past donor, committee volunteer, or a former board member—come home to Habitat.
You will be blessed when you come in...

Just as Moses prepared the nation of Israel to go into the Promised Land, so Habitat prepares its families through the Family Partnering program. For these families, a home of their own is a type of promised land. The Israelites were promised that, if they carefully followed the Lord’s commands, they would be blessed in the land of their own. Habitat partner families are blessed by partnering to build their neighbors’ homes and their own, learning positive financial practices, how to be a good neighbor and home maintenance.

...and you will be blessed when you go out.

Our volunteers are critical to the process of personal growth and homebuilding for partner families. The staff wants to introduce you to our newest families, orient you to the latest building techniques and involve you in our fundraising efforts. As you join us with your time, your talents, and your treasure, your heart will be touched as you interact with the families we serve. We guarantee that you will not be the same as when you joined us.

So...come home to Habitat and understand what it means to change lives for generations.
Golden Crescent Habitat for Humanity was surprised with a gift from philanthropist MacKenzie Scott, in March of 2022. The intent of this gift was that it be transformational. After thoughtful consideration and community input, the Habitat board and executive team agreed on two ways to honor that intent:

- Minimize debt by paying off a small construction loan and the 4103 N. Navarro complex that includes the office, Habitat ReStore and construction warehouse buildings.
- Identify ways to ensure the sustainability of GCHFH and fulfill our mission of bringing people together to Build Homes, Communities and Hope for the next 25 years.

The Board appointed a committee of community volunteers and board members to work with Special Projects Coordinator Cynthia Staley on transformational projects. Community members Robby Burdge, Myra Starkey and Cordelia Kaspar, all long-time supporters of GCHFH, agreed to serve on the committee along with board members Ben Streiff, Amy Mundy, Mike Etienne, and Chip Reynolds.

The most pressing need facing GCHFH is land for building future program homes. So far, the committee has identified nine tracts of land with development potential and done preliminary due diligence without success. The ideal tract of land will be within the city limits and enough acreage to build 50 – 75 homes. If you know of a property that fulfills these requirements, please call Cynthia Staley at 361-573-2511.
Area high school students from Goliad, Victoria, Hallettsville, and Cuero joined forces to celebrate Giving Tuesday on November 29, 2022 by working on a home on Myra Lane. Along with Golden Crescent Habitat for Humanity staff, volunteers and the homeowner, student builders were able to build and raise all walls to frame out the entire house.

**Trinity Episcopal School** won a contest to sell the most studs by sponsoring 17 total studs to use in framing the house!

---

**#GIVINGTUESDAY BUILD**

Together we give. **Nov 28, 2023**
The Golden Crescent Habitat for Humanity ReStore may be one of the best kept secrets in the Crossroads. More and more people are discovering the savings to be had when thrift shopping at the ReStore.

Although many of the items we sell are donated, about 40% are new, never been used, and in some cases purchased from major manufacturers. We search high and low for items we think you want, so we can pass great savings on to you. Best of all, we still come in well below retail and big box store prices. Some examples of new items we purchase include: Scratch and dent appliances, click-and-lock plank flooring, select furnishings, area rugs, movie posters, comics, DVD’s, Mohawk accent and outdoor rugs, makeup and hair accessories. Your wallet is important to us so we invite you to come shop and save!
What do a reality show and the ReStore have in common? Last September the two formally met. Store manager James Fikac was invited to travel to Austin to meet with the stars of a popular pawn show and have a chance to bring his treasures to be evaluated and possibly purchased.

One such item was a late 1930’s Larson Brothers Euphonon jumbo acoustic guitar that the ReStore was the beneficiary of. This little gem is well sought after by music enthusiasts who appreciate the guitar’s design and wood, which give it a certain tone that other guitars simply don’t have. After some customary haggling with the main star of the show, a sales price was reached that was a great victory for the ReStore and the community as proceeds from sales generated at the ReStore support the mission of Golden Crescent Habitat for Humanity!

channel your creative side...  
**sponsor a stud for $100**

why is becoming a stud sponsor important to habitat? It takes over 300 studs to build a house and the total lumber cost for a house is nearly $10,000 right now. Each sponsored stud brings us one step closer to building strength, stability and self-reliance through shelter.

for $300 sponsor 3 homes scheduled for completion in 2023

it’s easy... take your stud home decorate it return it to us

**HopeBuilders**

**make a big impact with a small monthly gift**

Every day we fight to end housing insecurity and help vulnerable families onto a path of financial stability and homeownership, but we need you by our side. As a Habitat HopeBuilder you can help provide affordable housing, financial education, and community development.

Through regular recurring gifts, HopeBuilders provide GCHFH with a consistent and reliable income stream—allowing us to spend less time fundraising and more time building homes.
On April 15, 2023 GCHFH hosted our 4th Annual Backyard Boil fundraising event at Club Westerner. Attendees enjoyed live music, an open bar sponsored by Del Papa Distributing Co. and Tito’s Vodka, and a delicious crawfish and shrimp boil prepared by Josh Franklin and the team at Crawfish Cajun Catering.

Scott Taylor & Fred Andrews of Honeybrowne were the entertainment for the night.

Through event sponsorships, live and silent auctions, and a raffle we were able to raise over $27,000 to continue to build homes, communities and hope in the 6 counties that we serve!
myra lane block party

COMING NOVEMBER 2023

The final project on Myra Lane, a half-court basketball court and park, is scheduled for completion by the end of the summer. The residents & GCHFH staff are planning a block party for Fall 2023 to celebrate. Please stay tuned for the official date & more details.
19 families served

1 mortgage retired

385 volunteers including youth

$4.2 million+ back into the community through GCHFH’s repair and new construction programs

3 new houses built

14 repair projects completed
4,141 tons diverted from landfill

4 annual partners

2,950 volunteer hours valued at $88,087

$180,000 donated to GCHFH from the ReStore
